

Benefits of our proposals

Improving the streetscene:

Cassiobury House is a tired 1970s building. Our proposals will see the site redeveloped with a well-considered scheme using high quality materials

Supporting employment growth:

Additional office space and a new hotel will help to support the local economy and wider regeneration aspirations of the area

Meeting an identified need:

Since 2009, Watford has lost 10% of its office stock. Our proposals will deliver more office space than currently exists at Cassiobury House to help meet this need

An environmentally-conscious development:

Our proposals would meet the BREEAM 'Very Good' benchmark at a sustainable and accessible site

Project timeline

29th May 2020

Feedback deadline

June 2020

Application submitted

Autumn 2020

Application determined

Late 2021/early 2022

If approved, construction begins

How to get involved in our consultation

Online: Alongside our virtual exhibition, our website also includes a feedback form through which you can comment on our proposals.

Email: You can email feedback@consultation-online.co.uk with comments or questions.

Phone: If you have questions about our proposals, you can leave a message via our telephone message facility on **0800 298 7040**, and a member of the team will call you back.
